I'm writing to you pertaining a one L. Peoples vs B. Fischer 11-cv-2694. I would like to report a "Notice of Substantial Breach" from this Facility. The prior settlement you came to involving case 11-cv-2694 is not being followed here. This block that im housed in has its own F.O.M laws they are still using "deprivations as punishment" when its really for safety an security, their is 32 cells down here in D-Block and not one of them has a mirror last but not least its no where a defibrillator can be plugged up cause its no light switch or place to sit!!! I thought everything was put in a proper perspective but some places disagree with your judgement and even upon being abreast still show poor judgement and failure to abide by written Directives
